

Class: Beowulf Grammar

Tuesday 11 AM- 11:45 AM

The family behind all the lovely [Guest Hollow](#) products homeschooled for over twenty years. (just like me!) and I adore many of their curriculum products. Their grammar product- Beowulf's Grammar (get it Beo- Woof!) This year-long course is great for both newcomers and those students who could use a fun review. But, they say it better than I can:

“Beowulf's Grammar is the remedy to the dearth of interesting grammar programs. We've included plenty of hands-on activities to help reinforce learning, fun characters, comics, humor, games, and more!”
